

Description

Doc Palm is a patented, realistic, artisan look synthetic thatch. Made of a proprietary, environmentally sensitive compound Doc Polymer. Class A fire-rated, Doc Polymer has none of the harmful chemicals of existing products. Designed as a system, installation is easy with little waste. Doc Palm is recyclable.

Features

- Doc Palm has a rich thatch top roof, and a patented, true palm leaf look interior.
- Made of Doc Polymer: Class A FR, and a realistic surface without the “shiny plastic” look
- Easy to install • No Maintenance • 20-year guarantee
- Color matched retainer caps enhance wind resistance
